Galaxy XCover 5

Frontline Ready

Galaxy XCover Pro

Business Ready

Galaxy Tab Active3

Go Anywhere Versatility

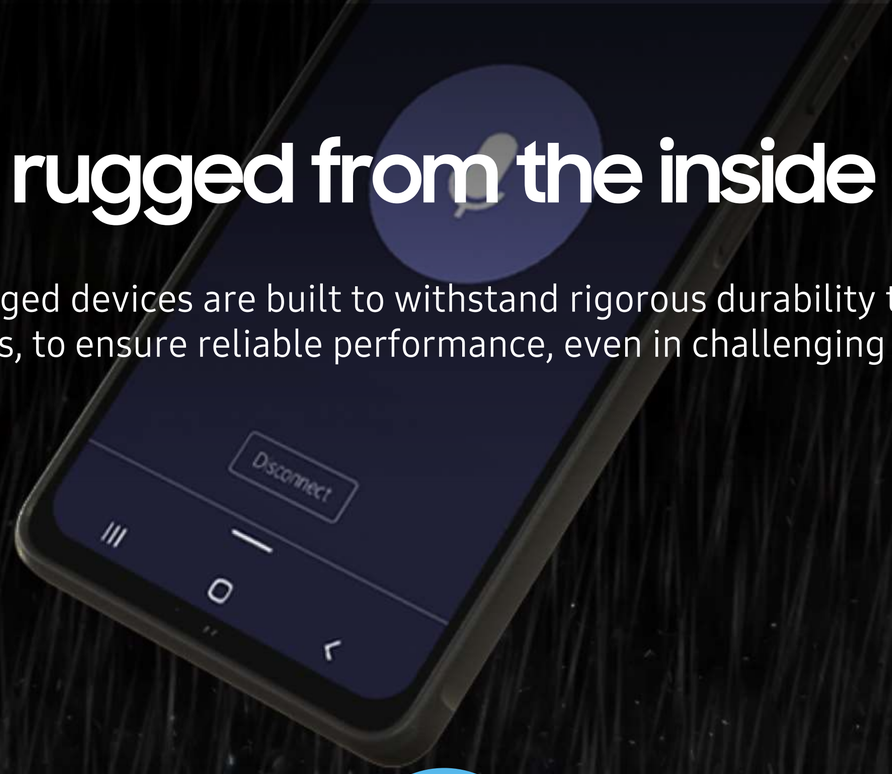
Galaxy Tab Active Pro

Work Anywhere Productivity

Availability may vary by region

Built rugged from the inside out

All of Samsung’s rugged devices are built to withstand rigorous durability tests, even without protective covers, to ensure reliable performance, even in challenging environments.



IP68

Dust and Water Resistant
(Up to 1.5m underwater)

MIL STD 810

Tested to withstand extreme altitude, humidity, immersion, salt, fog, dust, vibration, and drops*

Anti-shock

Withstands accidental drops from up to 1.5m**

*XCover Pro, Tab Active Pro : MIL STD 810G | XCover 5, Tab Active3 : MIL STD 810H **XCover 5, XCover Pro : 1.5m on steel surface | Tab Active3 : 1.2m (1.5m w/Cover) | Tab Active Pro : 1m (1.2m w/Cover)

Charge conveniently with POGO charging

All of Samsung’s rugged devices come with POGO pin(s) allowing convenient charging for multiple devices with separate accessories.*

Charge Conveniently

Compatible with standard POGO chargers, POGO pins make it convenient to charge devices in the workplace.

Charge Multiple Devices

Compatible with 3rd party accessories, you can easily charge multiple devices at a time with a dock or cradle.*

*POGO dock/cradle sold separately

*Tab Active3, XCover 5, XCover Pro supports POGO fast charge

Simply swap in a new battery, or just work without one

Samsung’s rugged devices come with a removable battery and supports no battery mode, so you can stay powered wherever you are.

Power through multiple Shifts

Perfect for places where one device is shared across multiple shifts. Simply replace batteries without having to charge between shifts.*

No Battery Mode

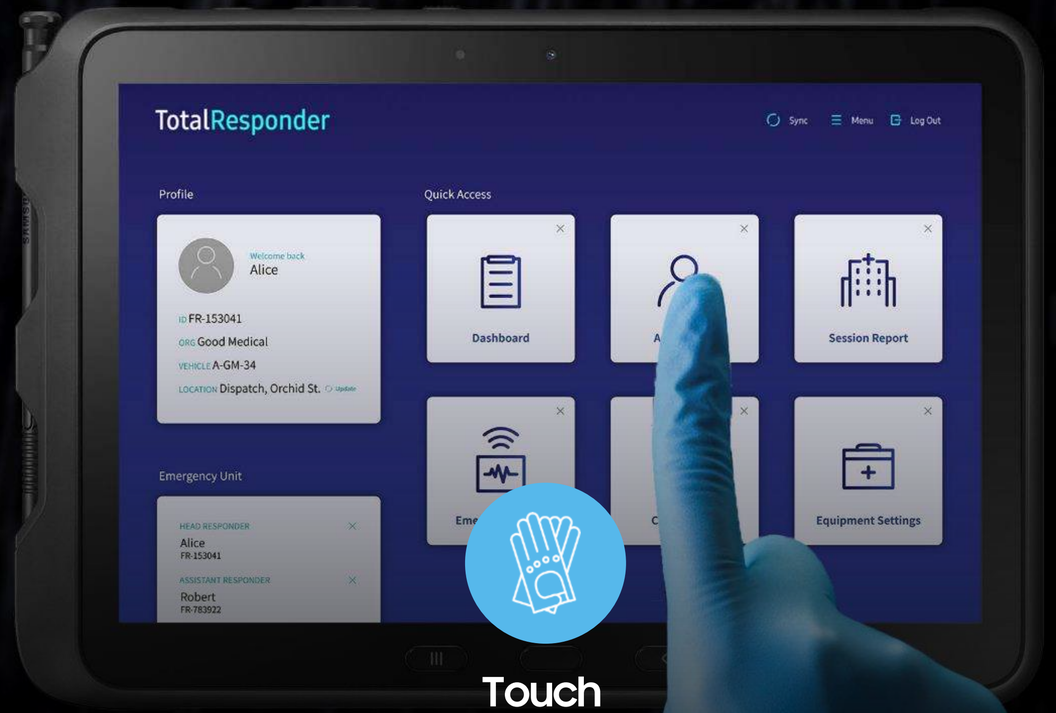
No Battery Mode allows you to connect and supply continuous power to the device via a cable, with the battery removed.**

*Additional battery sold separately.

**No Battery Mode is available on Tab Active3 only. - Need to turn on “No Battery Mode” option with a dedicated USB Type C power source(9V/2.3A ↑, PD2.0↑) accessory. -Performance(CPU, Volume, Brightness, etc) would be limited on No Battery Mode. Power source accessory sold separately

See clearly and touch it with your gloves on

Built to perform outdoors, all Galaxy rugged devices have a bright display and supports touch when wet, and when you have gloves on.



Outdoor Visibility

Displays on Samsung's rugged devices are bright for clear outdoor visibility, even under sunlight.

Touch Sensitivity

Supports work gloves and medical gloves to keep you safe and protected at all times.*

Wet Touch Mode

Touch support in light rain or snow

* The display touch sensitivity varies depending on the material and thickness of the glove, and the recognition rate increases when the Touch Sensitivity function is activating

Tablets only

Boost your workplace productivity with Samsung DeX

Get a full desktop experience wherever you are using your rugged mobile device with Samsung DeX.*

Wireless DeX**

Connect wirelessly without a cable on compatible Samsung screens.

Multitask with DeX on Monitor***

Use DeX on Monitor to multitask, going back and forth between multiple screens and apps.

The business apps you need

DeX supports all the most frequently used business apps like Microsoft Office, Google Drive, and more.

*Samsung DeX is available on Tab Active 3 and Tab Active Pro

**Wireless DeX is available on Tab Active3 only

***DeX on Monitor is available on Tab Active3 and Tab Active Pro only

Tablets only

Rugged tablets come with an S Pen* to match

Samsung’s rugged tablets come with a precise S Pen that helps front line workers stay productive on the go.

Works when Wet

Works in the rain, allowing you write and sign signatures digitally.

Precision Input

Precise and easy to use with a natural real pen-like feel.

*S Pen is available on Tab Active3 and Tab Active Pro
