environnement de  
travail moderne.

# Microsoft Teams

**Autonomisez vos employés avec un environnement de travail numérique et des services modernes (cloud) pour la collaboration via une solution informatique sécurisée et moderne**

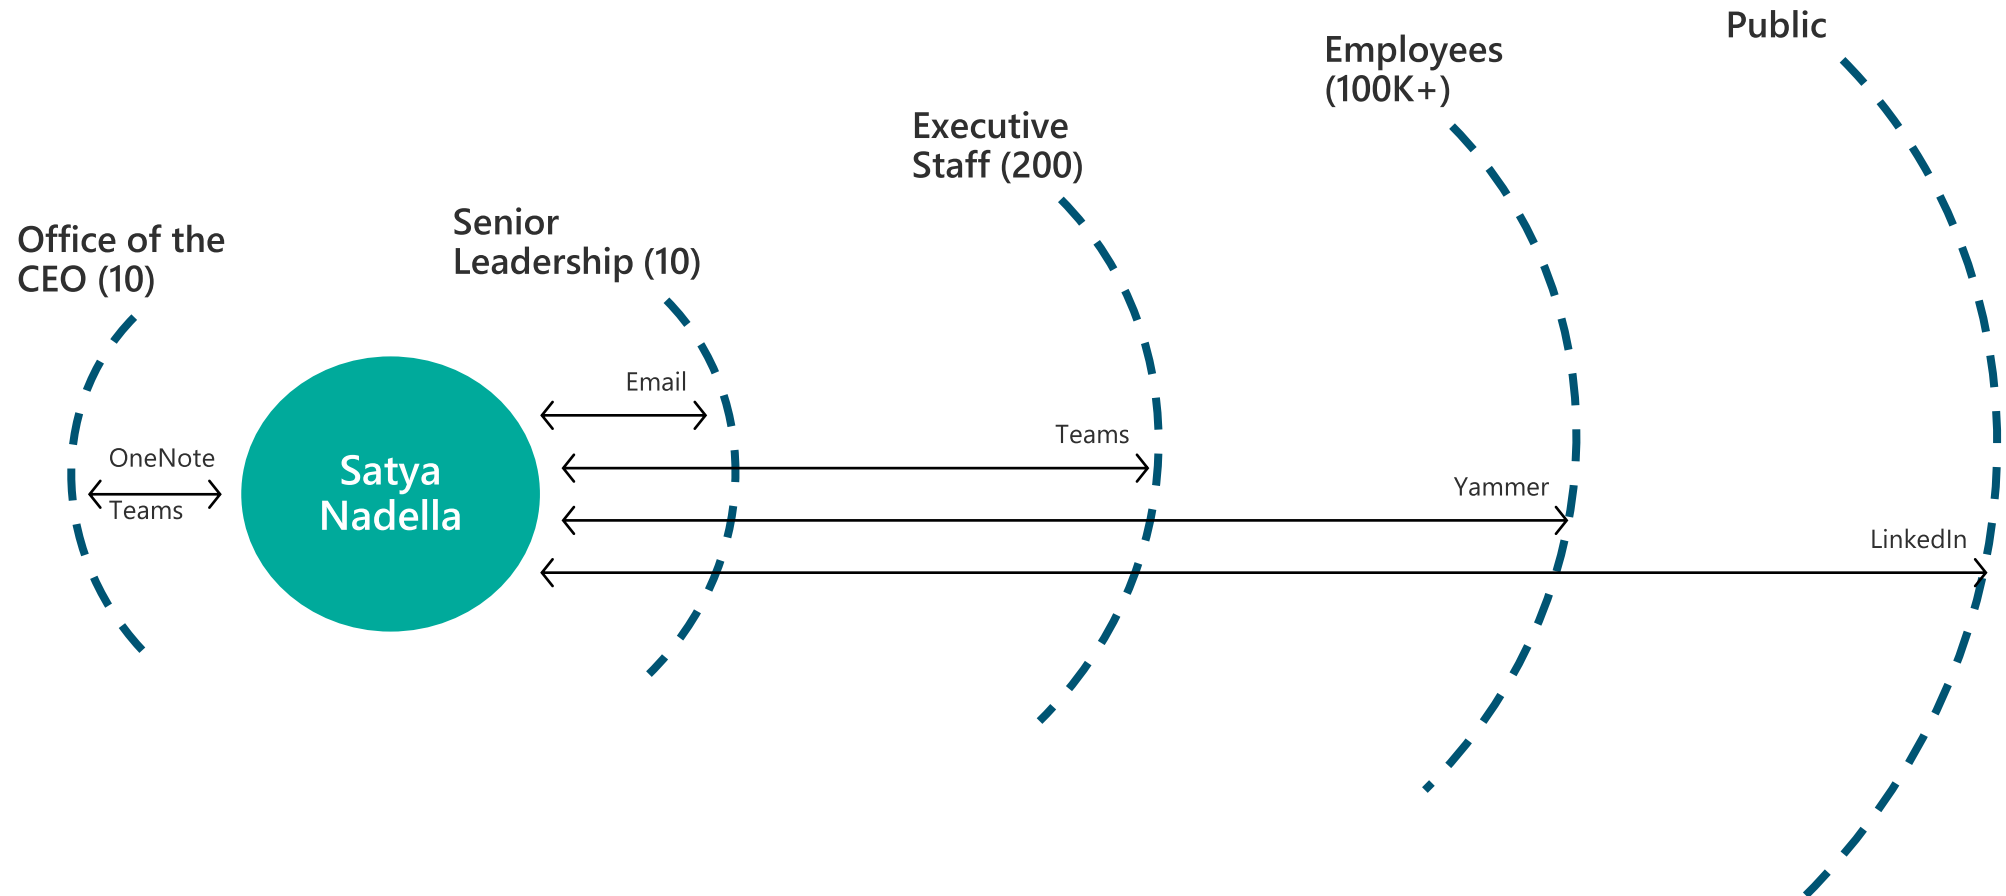

**03**

Travailler de manière  
moderne avec Teams.

# What is Teams // What does Satya Nadella use

# Microsoft Teams building blocks

+

+

=

## Shared mailbox

Calendar  
Email address

## SharePoint site

Files  
OneDrive for chat files  
Meeting recordings

## Skype for Business

Chat  
Online meetings

## Microsoft Teams

+

# Microsoft Teams

The hub for teamwork in Microsoft 365

## Collaborate

With deeply integrated Office 365 apps

## Communicate

Through chat, meetings, and calls

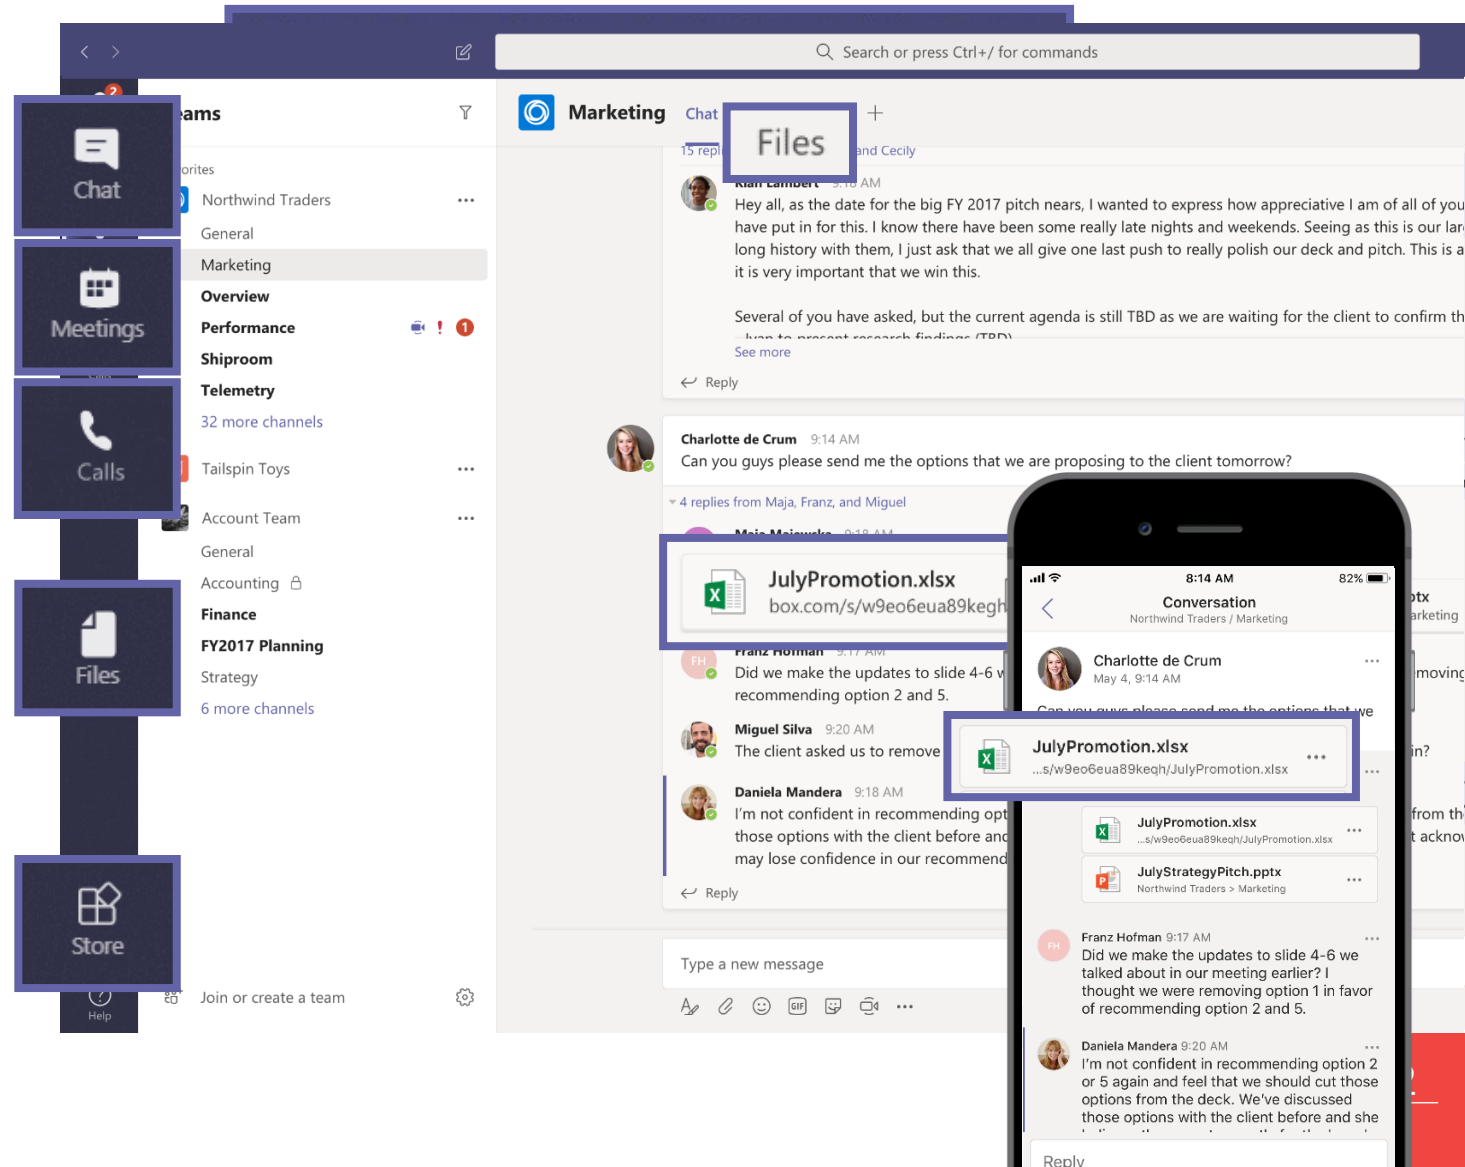

## Customize and extend

with third-party apps, processes, and devices

## Work with confidence

Enterprise-level security, compliance, and manageability

# Communicate through chat

Communicate across geographies, languages and organizations

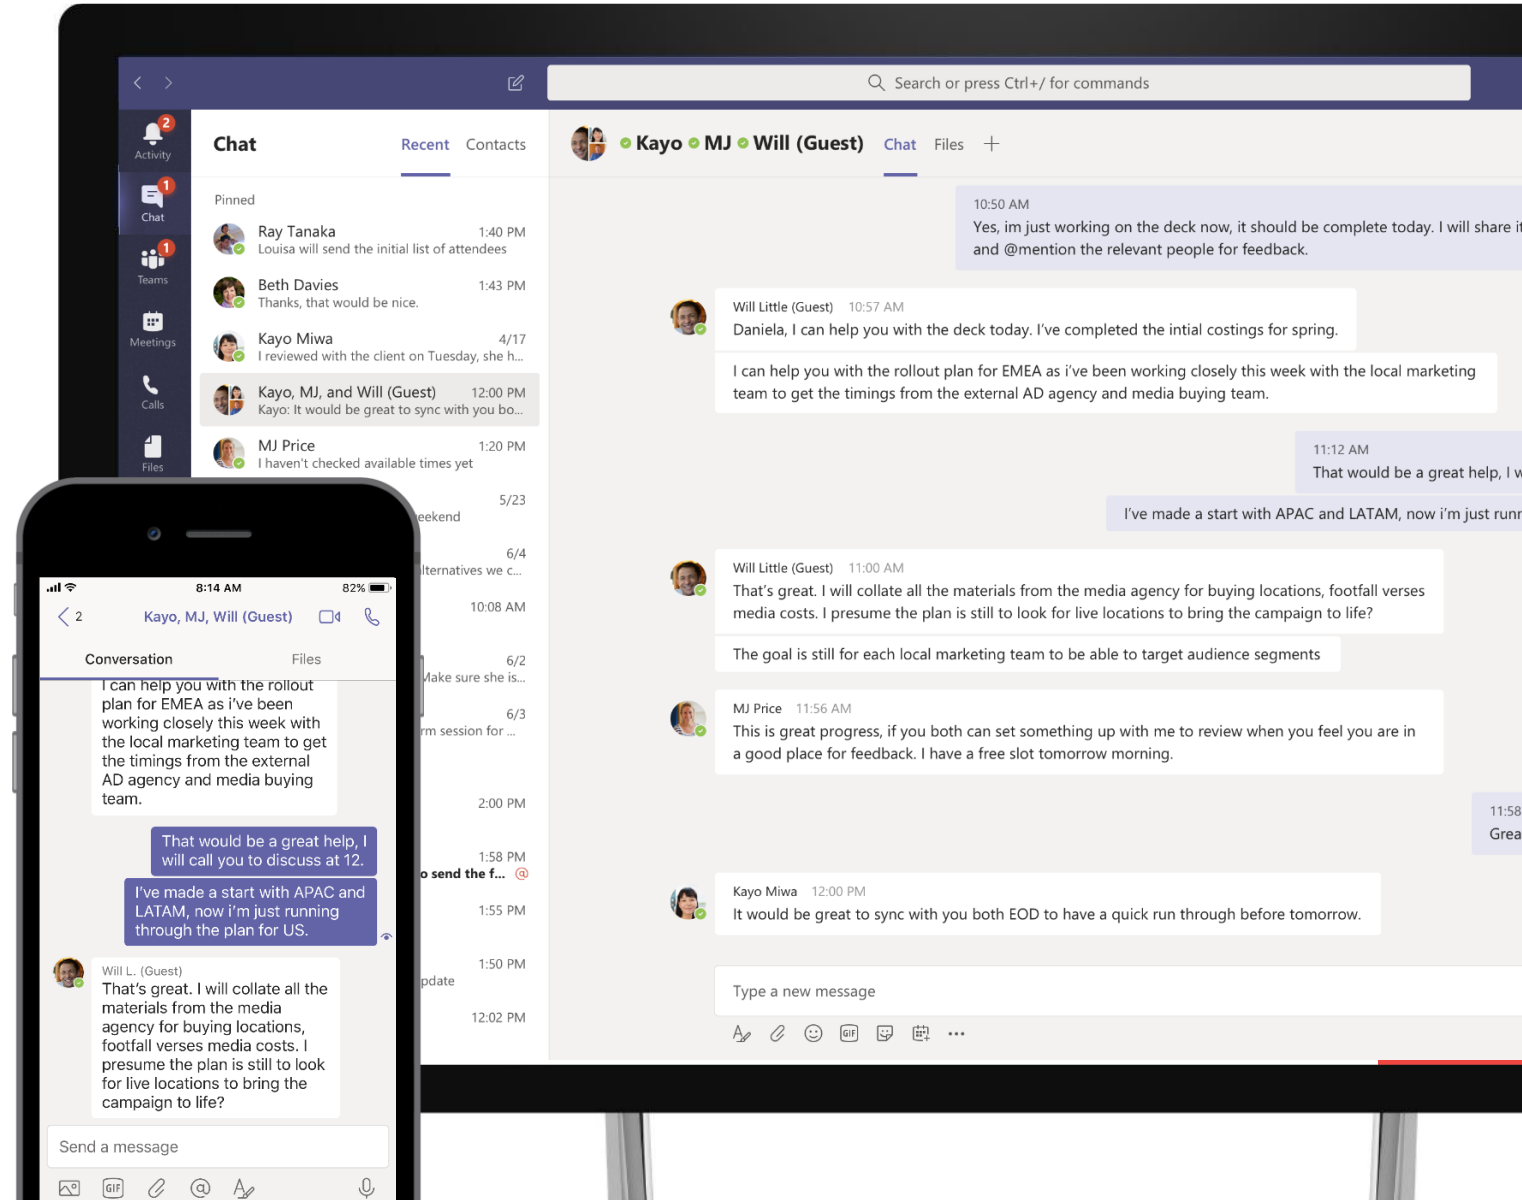

Share information in an open and transparent way with **threaded, persistent channel discussions**

Stay in sync with **one-to-one or group chats**

Communicate across geographies, languages, and organizations with **guest access, federation, and translation**

Humanize the workplace with **GIFs, stickers, and emojis**

Available across **mobile, desktop, browser,** and a wide range of devices, from headsets to Surface Hub to meeting room devices

# Communicate through meetings

Communicate from anywhere with a complete meeting solution

Stay connected with a **complete meeting solution** supporting sharing, video, and audio conferencing

Engage in **all types of meetings** – spontaneous, scheduled, external, and large one-to-many

Get work done faster by having **context and content at your fingertips**

Stay in the know with meeting recordings with **transcription and translation**, indexed for searching

Join from a **range of platforms and devices**, including desktop, browser, mobile, and meeting room devices

# La téléphonie dans Teams

# BASIC CALLING FEATURES

## Place, receive and hold calls

Initiate by name or number

Call answer

Call hold / retrieve

## DID numbers

Direct Inward Dialing phone numbers

## Device switching

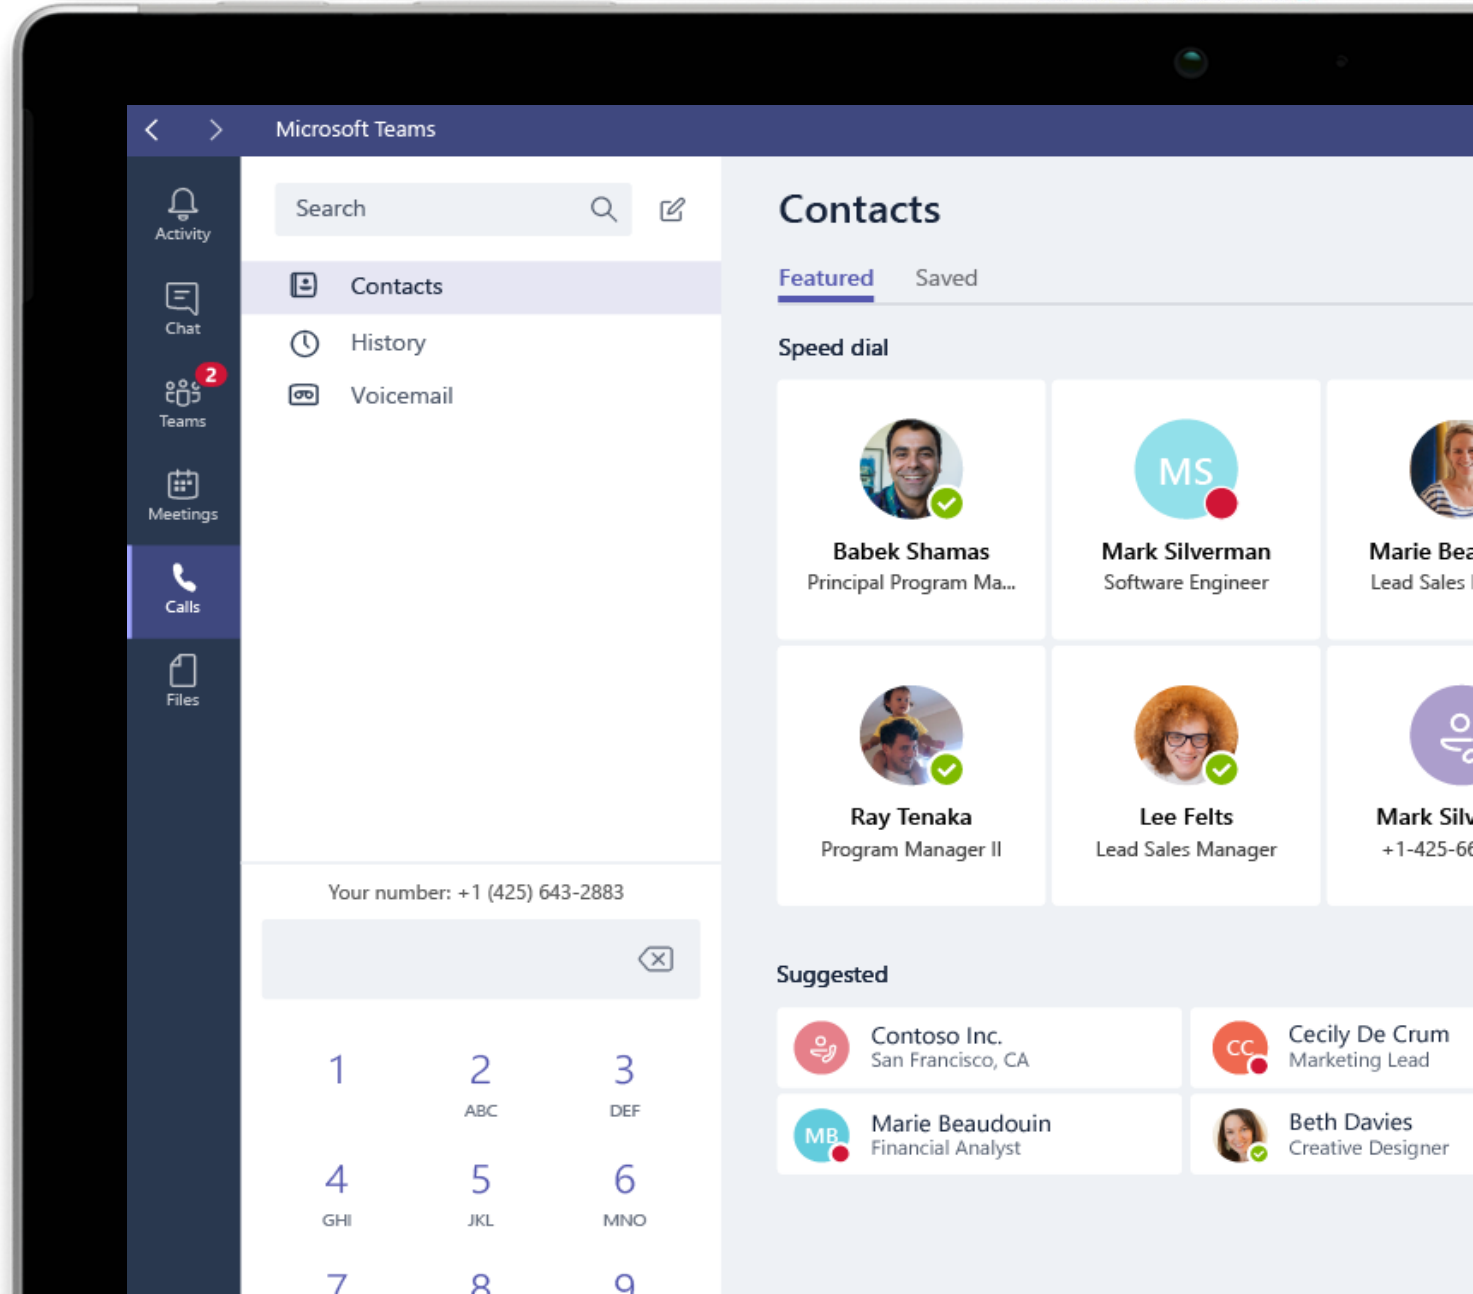

Change active device

## Distinctive ringing

Different ring tones based on call type

## Federated calling

Call other companies on Teams

## ADDITIONAL TELEPHONY FEATURES

### Transfer calls

Blind, consult and mobile transfers

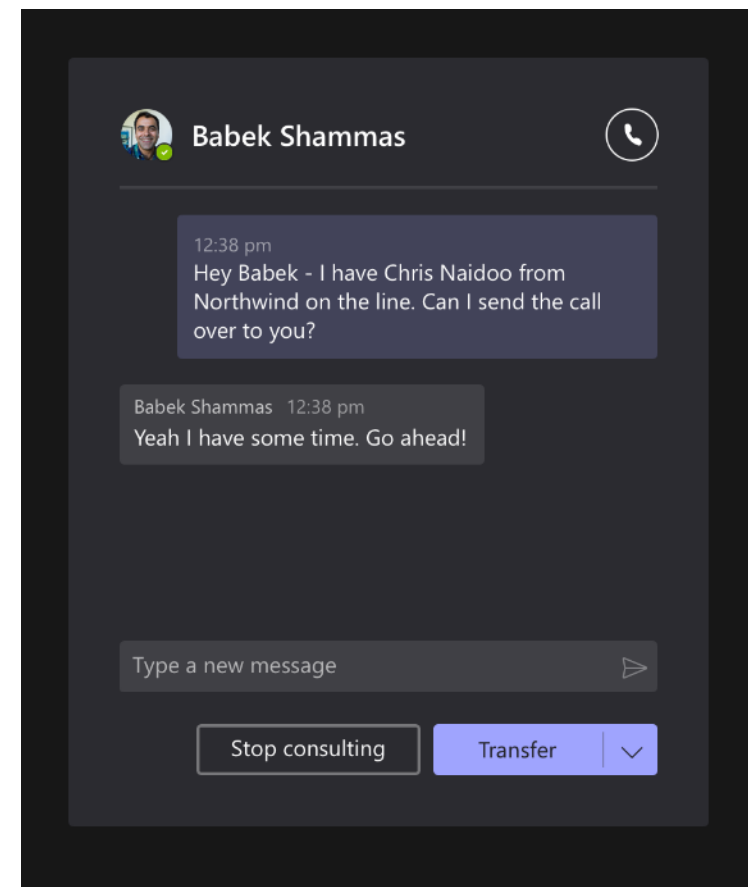

### Caller ID

Reverse Number Lookup will show you contact information if available\*

Otherwise, phone number will be shown

### Call history

Have all incoming and outgoing calls documented in Teams

*\*feature currently in validation*

# Teams as your phone – Advanced

## GROUP CALL PICKUP

Teams will allow recipients to change the relationship from push (SimRing) to pull (GCP) by changing how they want to be alerted

## Full Invite Flow & Call Management

- User can setup a call group
- Group members get notified
- Full control of the notifications
- Answer calls on behalf of each other
- IT Pro experience to create GCP on behalf of users

The screenshot displays the Microsoft Teams interface. On the left, the 'Activity' pane shows a list of recent messages and calls. The main area is the 'Calls' section, which includes a 'Make a call' dial pad and a 'Favorites' list of contacts. A 'Settings' dialog box is open, showing notification preferences for 'Forwarded calls'. The 'Forwarded calls' section lists contacts and their notification settings:

Contact	Notification Setting
Hilary Reyes	Ring
Alvin Tao	Ring
Babek Shammass	Ring
Other	Mute
Team membership changes	Banner

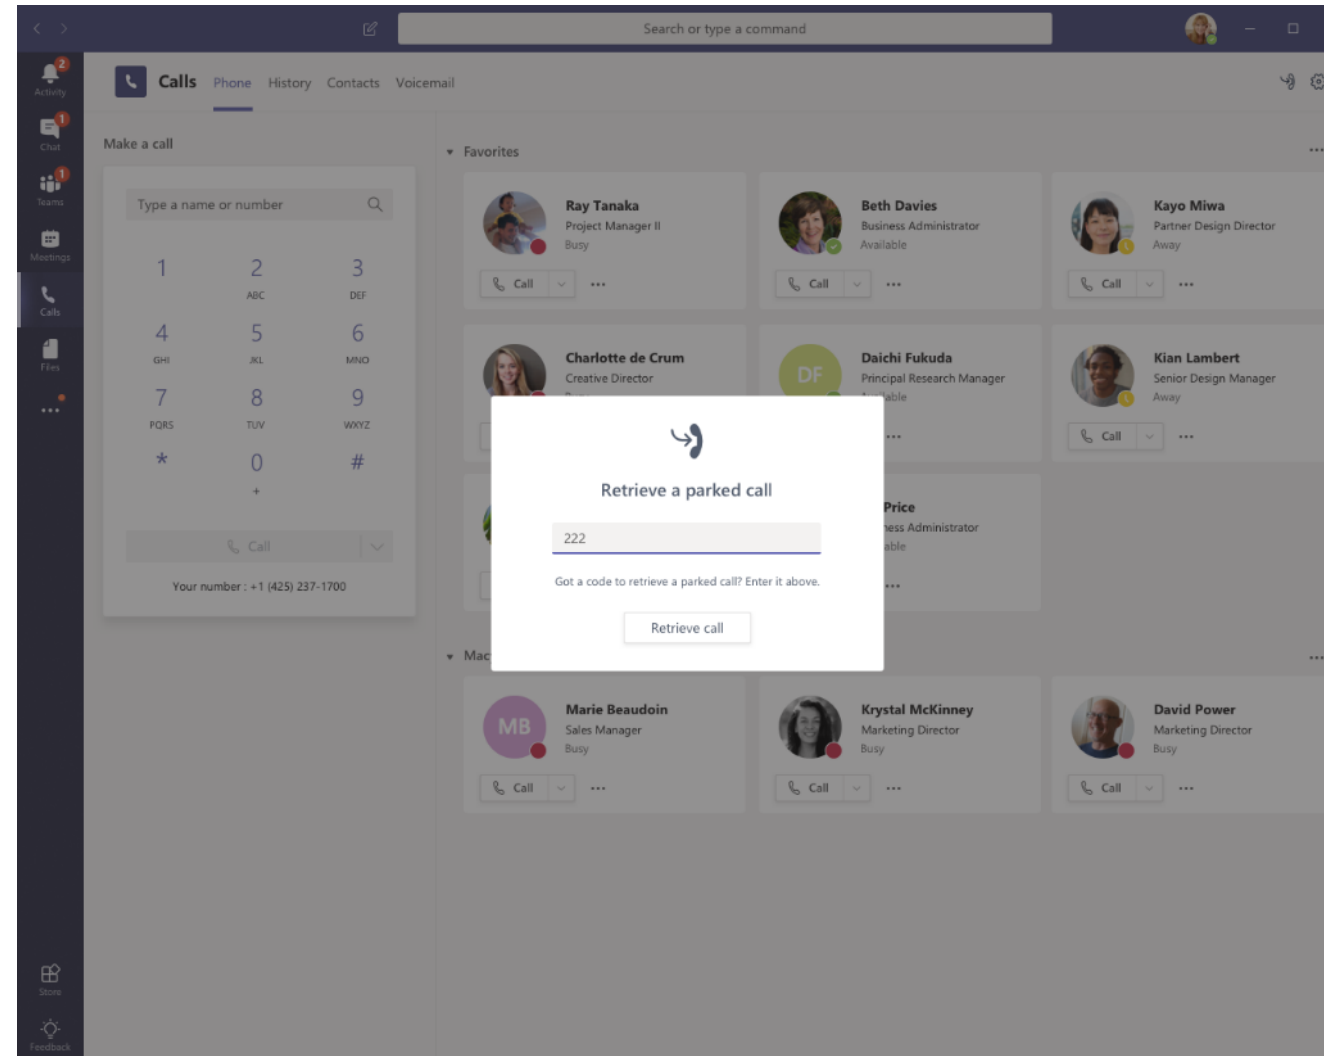

# Teams as your phone – Advanced

## CALL PARK

Teams will allow people to park and retrieve calls

### Park and Retrieve Calls

- Park a call and get a code
- See all parked calls from Teams Apps
- Use Teams phone or Team's app to retrieve the call

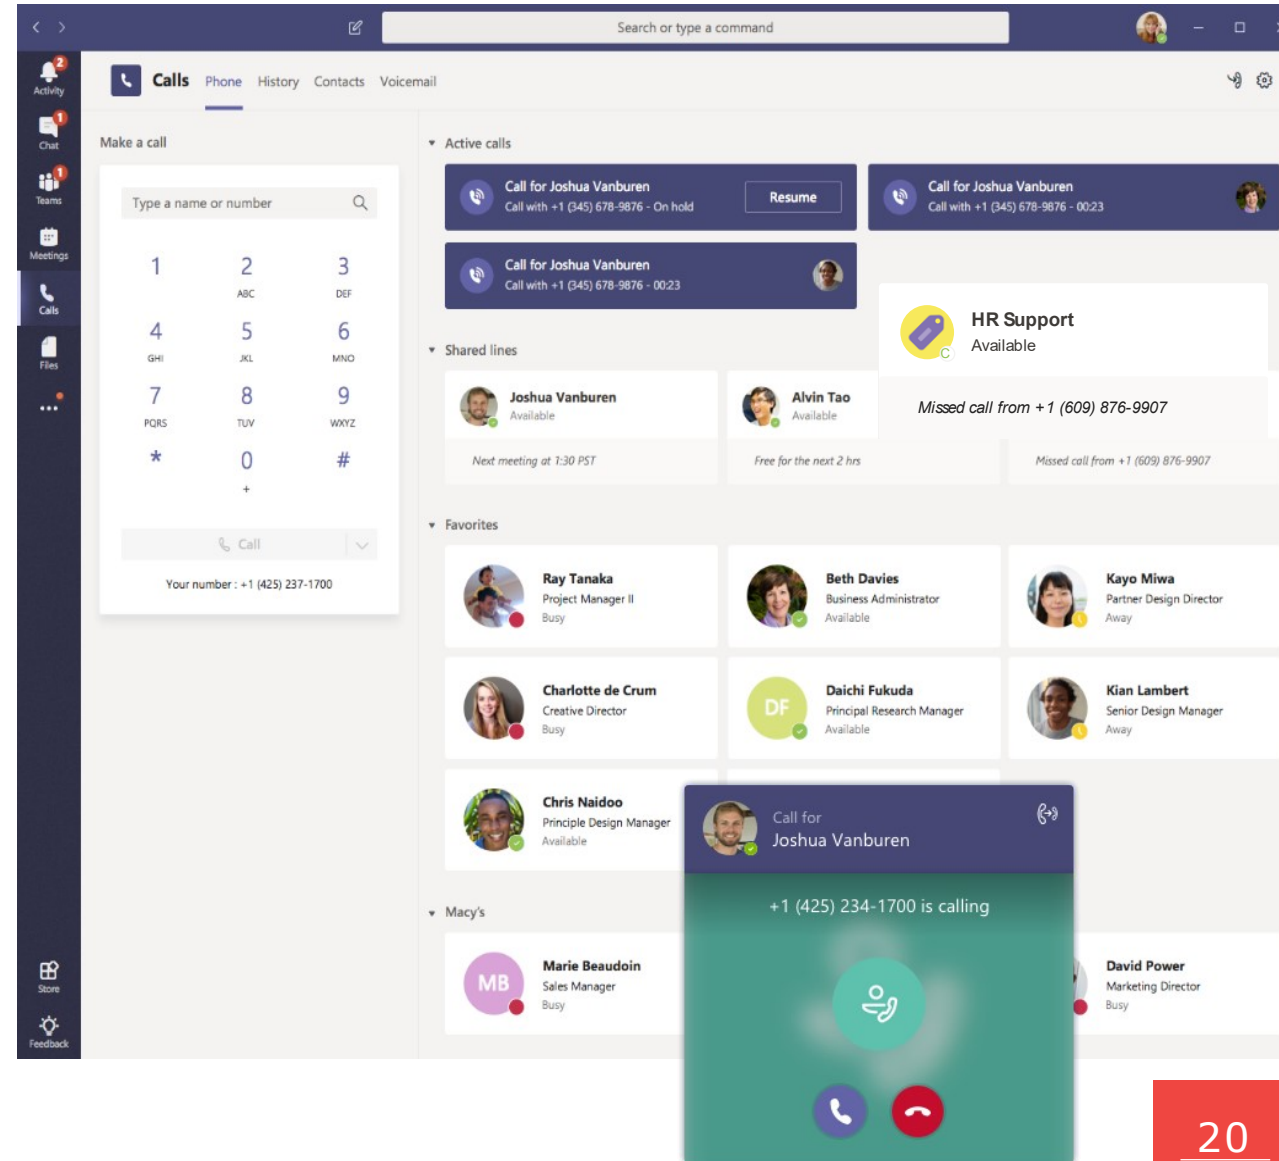

# Teams as your phone – Advanced

## SHARED LINE APPEARANCE - DELEGATES

Teams will enable people to share their phone line with their delegates

Full Invite Flow & Call Management

- Manager Initiated
- Delegate Managed or Initiated
- See line busy status and active call information
- Resume a call on hold by manager or admin
- Make/receive shared line calls
- IT Pro experience to create on behalf of users

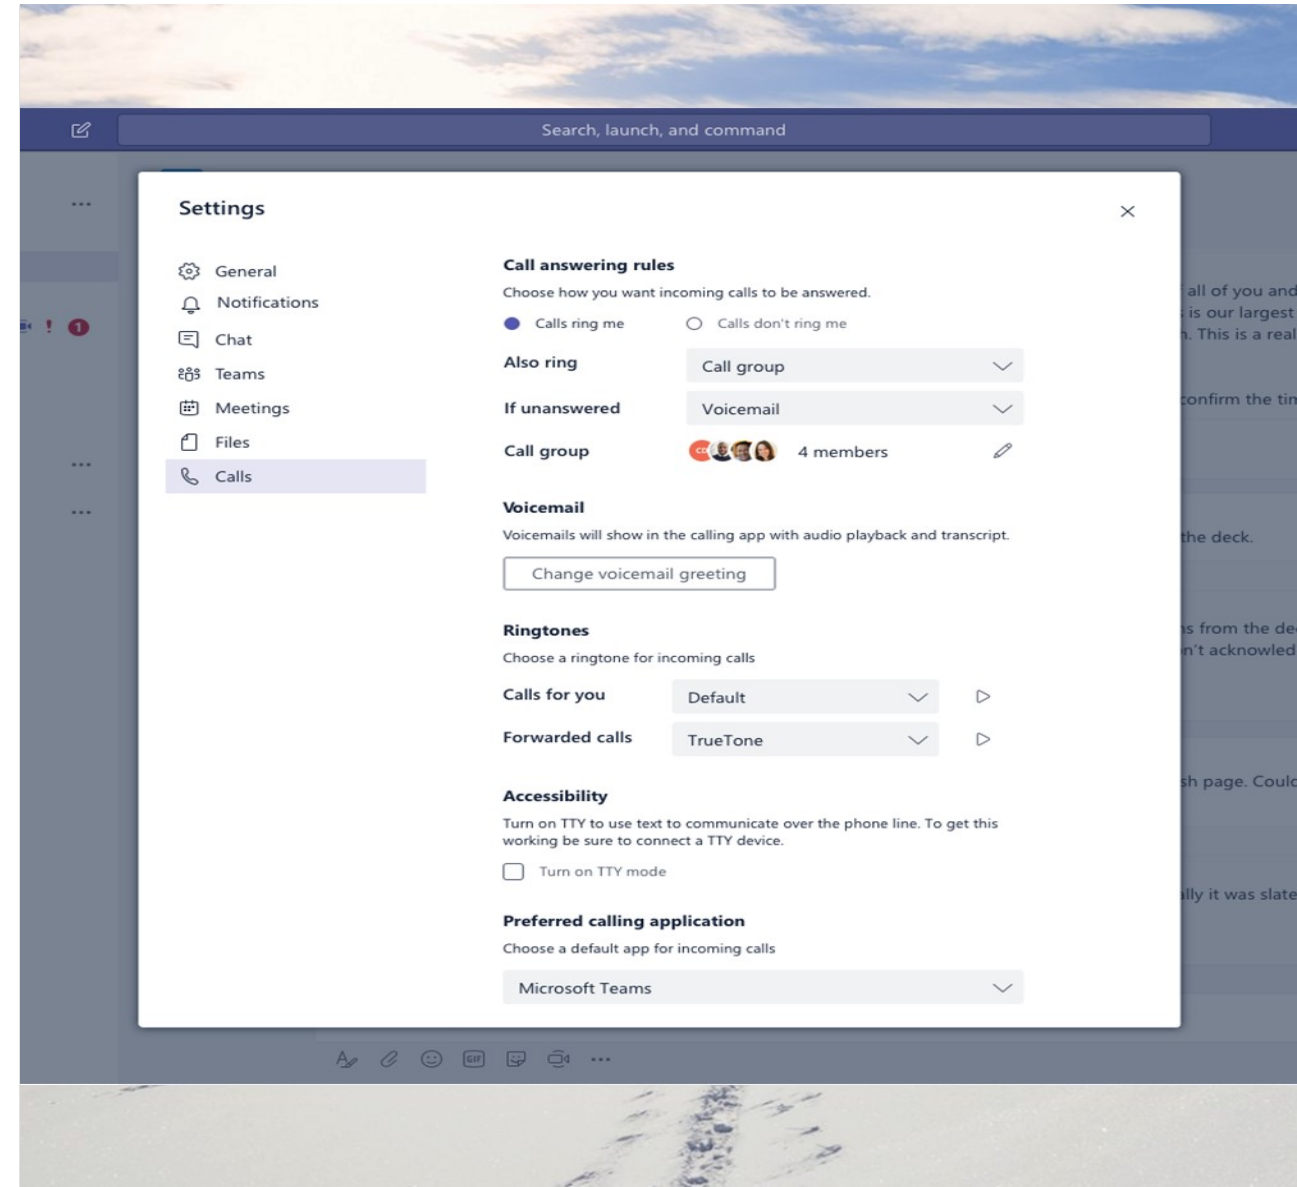

# Teams as your phone – Advanced

## FORWARD TO GROUP

Users may opt to forward their calls to one or more people, enabling a group to cover for them when they are unavailable.

- Forward to one or more people
- Ring in sequence or simultaneously
- First to pick up takes call
- Settings UX for easy configuration
- Simultaneous ring
- Forward to Voicemail

# Teams as your phone – Advanced

## VOICEMAIL

### Voice Mail for all Phone System users

Delivers Voice Mails to Exchange mailbox

Transcript created for voicemail (can be disabled) including optional profanity masking

Voice mails can be played from Outlook or Teams

### Exchange for deposit, compliance & archiving

Only users with Exchange Online mailbox will see voicemail in Teams client

For Exchange on-premises Exchange Server 2013 CU12 or higher required

Voicemail

# CALL QUEUES AND AUTO ATTENDANTS

- Enable companies to automatically route calls to specific Departments, Teams, or people in a company
- Attendant & Serial Distribution
- Setting Time Availability
- Music on hold
- Custom Messaging

# CALL QUEUES AND AUTO ATTENDANTS

## Structure d'accueil

### Call flow

You will first need to record or type the welcome greeting for callers to hear, then after the greeting is played, decide on when you want calls to be sent. These greetings here will be available during business hours, but you can change the greeting and where calls are sent after hours in Advanced settings. [Learn more](#)

### First play a greeting message

- No greeting
- Play an audio file
- Type in a greeting message ⓘ

Welcome to the Test Auto Attendant from EW UCC Communications.

### Then route the call

- Disconnect
- Redirect call ⓘ

# CALL QUEUES AND AUTO ATTENDANTS

## Heures d'ouvertures

- ✓ General info
- ✓ Call flow
- ✓ Advanced settings (optional)
- ✓ **Call flow for after hours**
- ✓ Call flows during holidays
- ✓ Dial scope
- ✓ Resource accounts

### Set business hours

By default, business hours are set to 24/7, Monday through Sunday. If you set custom business hours, all hours that aren't included in business hours are considered after business hours.

↶ Reset to default    ✕ Clear all hours

Day	Start at	End at	
Sunday	Select start time ▼	Select end time ▼	+ Add new time
Monday	9:00 AM ▼	5:00 PM ▼	+ Add new time
Tuesday	9:00 AM ▼	5:00 PM ▼	+ Add new time
Wednesday	9:00 AM ▼	5:00 PM ▼	+ Add new time
Thursday	9:00 AM ▼	5:00 PM ▼	+ Add new time
Friday	9:00 AM ▼	5:00 PM ▼	+ Add new time
Saturday	Select start time ▼	Select end time ▼	+ Add new time

### Set up after hours call flow

If you have business hours set up, you will need to also set up what to do with the call when it's answered during after hours.

#### First play a greeting message

- No greeting
- Play an audio file
- Type in a greeting message ⓘ

# Teams en constante evolution

# Teams as your phone – New features

## New Calling Experiences

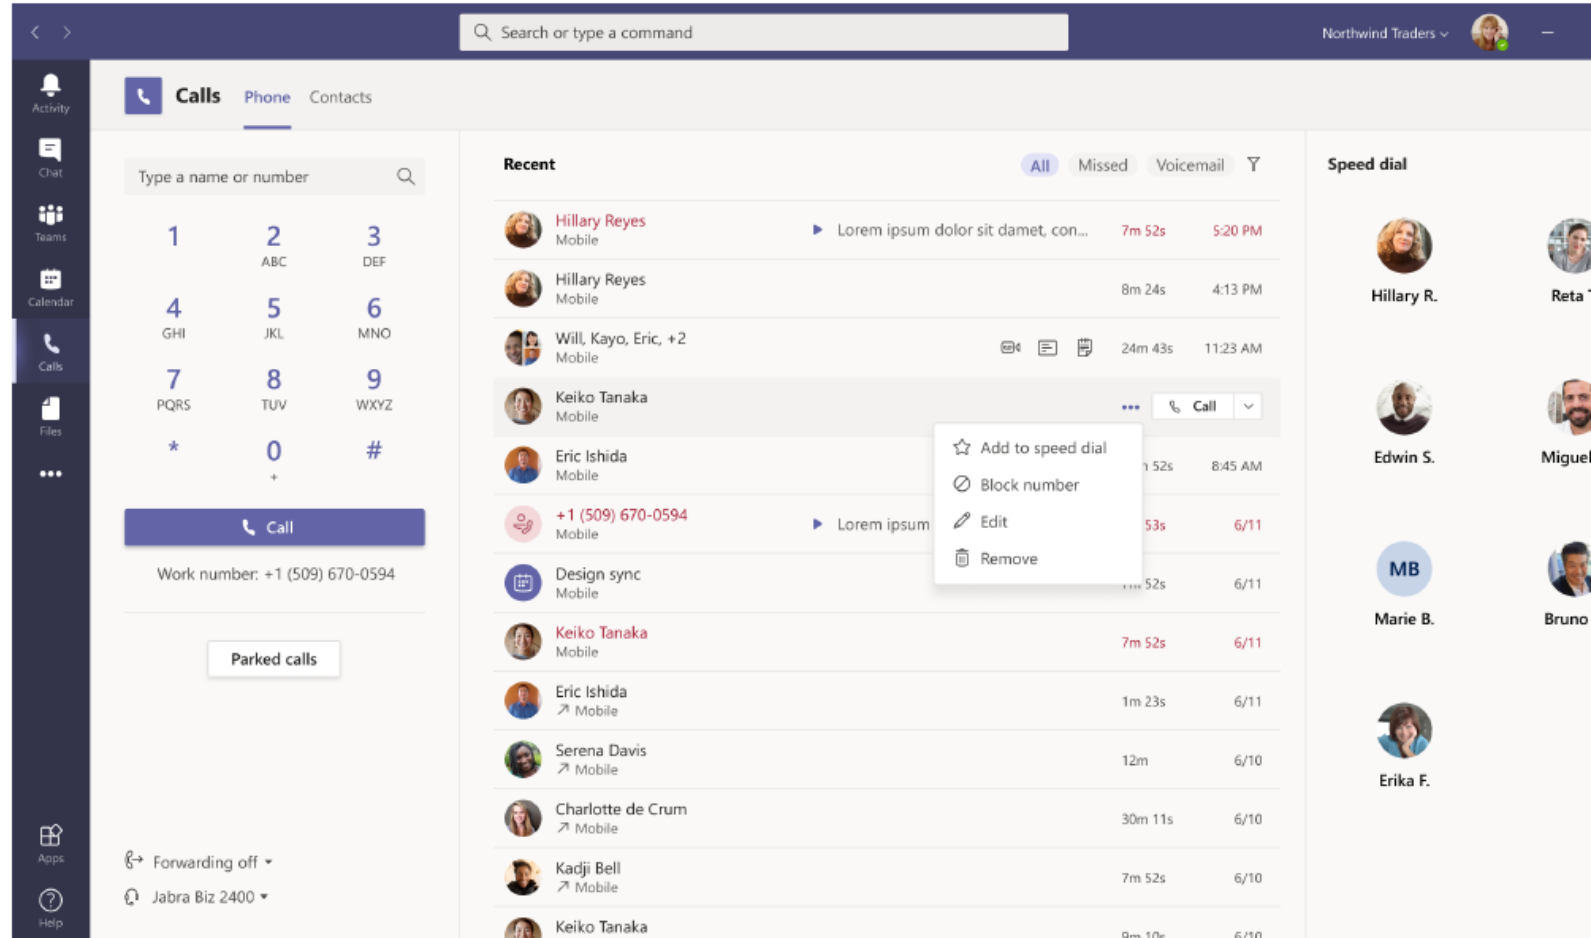

Simple call experience built on a single pane

Dial by name or number

Calling history with filters – see the info you want

Right canvas supports Speed dial today. In the future we will enable this canvas for a variety of custom treatments

At-a-glance important call settings for items such as device connected and forwarding status

# Teams as your phone – New features

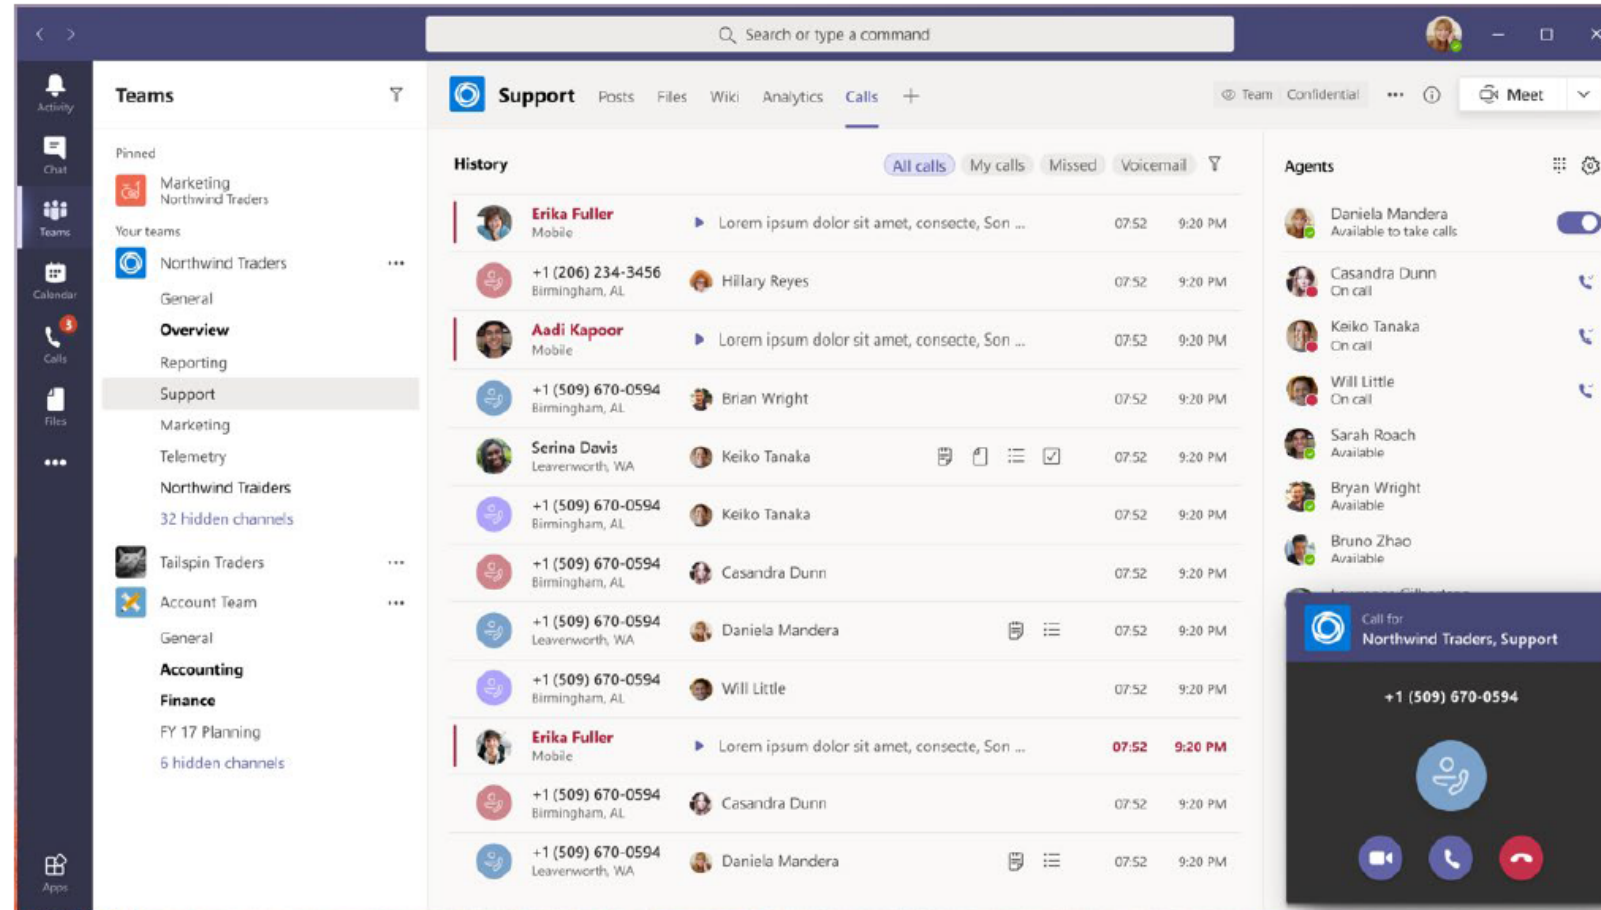

## Collaborative Calling

Simple call queue experience built on a single pane

Shared call queue log - agents and managers can examine history

A shared voicemail queue among all the agents

Right canvas shows agent status and allow these agents to mark themselves as available

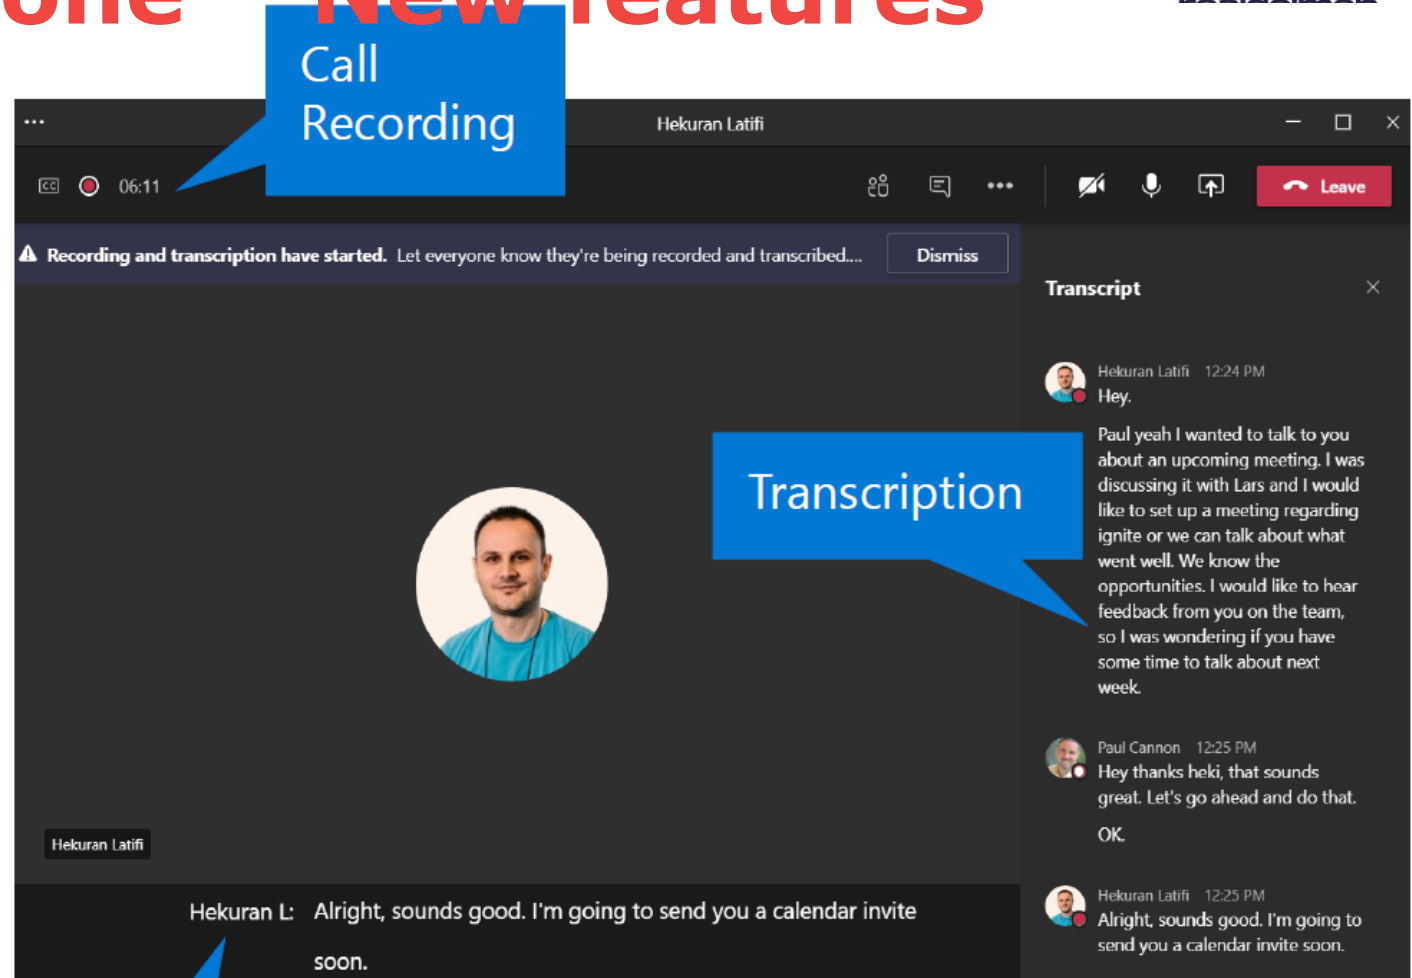

# Teams as your phone – New features

## Captions, Recording, and Transcriptions in Calling

Enables calling participants to view live captions and/or transcription during a Teams Call.

Supported spoken languages in 1st release: English.

After the meeting finished, a transcription is available for review – even if you missed the meeting.

Live  
Captions

# Teams as your phone – New features

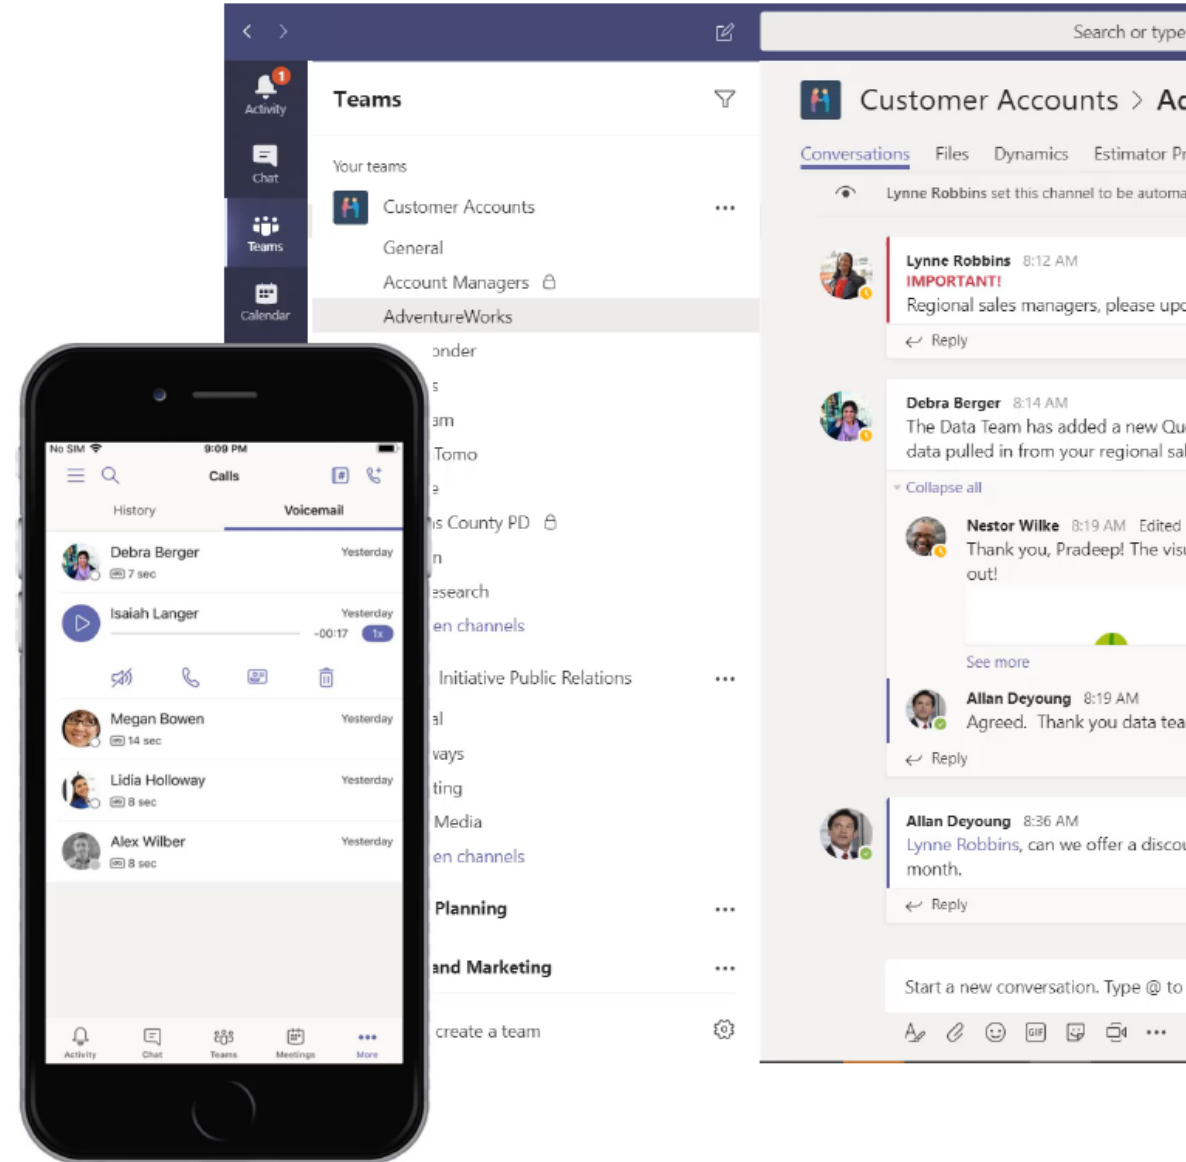

## Transfer Calls between desktop and Mobile

Take a call anywhere and easily move it from your desktop to your mobile device

Easily switch between personal devices while on the same call

Quickly add another device to an existing call. Used for sharing and viewing content from the second device and audio on primary device.

Handoff support for all types of calls: 1:1 calls, group calls, meetings

## WHAT'S SHIPPED

Microsoft Teams significantly extends calling to support critical enterprise workflows

### Internal

Teams enables calls to be professionally handled while keeping business moving quickly and efficiently.

- Delegation
- Consultative Transfer
- Distinctive Ringtones
- Transfer to PSTN
- Safe Transfer
- VoIP Calling for Everyone

### Collaboration

Microsoft Teams makes calling more efficient and productive by blending calling with collaboration.

- Do Not Disturb / Breakthrough
- Add Participants to a 1:1 Call
- Call Commanding
- Share Screen from Chat

### Advanced Routing

Teams integrates with Microsoft's cloud-based call queues and IVR capabilities to ensure every call is routed to the right recipient.

- Forward Call to Group
- Call Queue Support
- Auto-Attendant (IVR)
- Call Park
- Location Based Routing (In Preview)
- Group Call Pickup
- Shared Line Appearance
- Media Bypass Support
- Expanded SBC Support
